International conference

**WORKING FROM THE CLINIC**

**METAPHOR AND INTERPRETATION**

Montevideo, 20th-21st October 2017

NH Columbia Hotel

*Clinical material is an important path to approach our knowledge of the experience of human suffering, from a psychoanalytic perspective.*

*In recent times, the development of clinical discussion groups with different perspectives or methodologies has promoted important advances in this field.*

*In this conference, we will have the opportunity to meet and work with several of these new perspectives.*
